***** Open Source Software and Third Party Software Notices

This document contains licensing information for the Open Source Software and Third Party Software used in Illumio Adaptive Security Platform. This document identifies each component used, the licenses that Illumio understands such components to be available under, and, where available, a link to the source code or licensors' website. The copyright notices and licensing information, as provided in the open-source components, have also been reproduced below.

With respect to the Open Source Software listed in this document, if you have any questions or wish to receive a copy of the source code to which you are entitled under the applicable open source license(s), please contact us at opensource-requests@illumio.com.
